### <u>Step 2</u>

This screen will now appear, the files must be extracted to the correct folder, see last page for your PMS destination folder, normally this is Medprax. You will double click on My Computer, the correct drive that your Software Program is on and the correct folder, as soon as this done you will see the path displayed below EXTRACT TO:

Now you need to click on extract , if prompted to overwrite , click YES / YES TO ALL.

You must now update your Medical Software, if you are unsure on how to do this, please contact your software support, when the updates are complete, please check the dates in either the Medicine/Material file or Medical Aids or both (depending on what files you are registered for) If you are unsure on how to check this, give us a call and we shall assist you, the date will change according to when the files were made ie. Every Friday
